Willkommen in Houghton!

*Ich freue mich, daß Sie an der Technischen Universität Michigan weiter Deutsch lernen möchten.* I am pleased that you are going to continue your study of German and hope that I can help you achieve a reasonable mastery of German during the time allotted this semester.

**Course Goals:**

*Deutsch HU2222* is a continuation of your study of German language and of representative cultural features of the main German-speaking countries. By the end of the entire academic year you should have improved your skills in order to:

- feel comfortable in a German-speaking environment
- have a thorough knowledge of German grammar and vocabulary
- read German of an intermediate level of complexity
- participate in discussions and skits
- present your view on subjects of interest
- be more familiar with cultural similarities and differences
- write German texts like a personal letter, a journal, and short compositions.

All work in this course will stress the use of German as a means of communication.
Wie erreichen wir das?

A. Siehe diese Kursbeschreibung (Syllabus)

B. Umgangsregeln für bessere Kommunikation im Plenum

1. Wir sprechen Deutsch, wenn es möglich ist (im Plenum und in den Arbeitsgruppen).
2. Wir lassen immer eine Person oder eine Gruppe sprechen und melden uns, falls wir ein Anliegen haben.
3. Plenum geht vor Kleingruppe! Wir brechen die Diskussion in Kleingruppen ab, sobald die Plenardiskussion beginnt.
4. Wenn wir mit unseren Partnern oder Nachbarn während der Plenardiskussion sprechen, so möglichst auf Deutsch und so leise, daß niemand gestört wird.

Inhalt und Aufbau des Kurses

The course covers three topic ("Themen") and six grammar ("Kapitel") chapters of Kaleidoskop. During the entire course we will also try to apply newly learned skills by working in small groups (AGs= Arbeitsgruppen). There also will be time for regular slide presentations, German voice and music tapes, as well as videos.

There will be three 45-minute exams, six 15-minute practice quizzes, homework assigned, and two projects ("Sprechsituationen" and "Report"). Grades will be based on written work (40% tests and quizzes, 20% homework), presentations (10% oral report or "Referat," 10% skits or "Sketche"), and oral participation (20%). The regular use of the language laboratory (Walker A&HC, room 114) can earn you bonus points (up to a total of 5 %, i.e., 0.5% per hour of lab use, with a 2 hour maximum per week). Oral participation assumes regular attendance in class (you will only earn participation credits for attending at least two thirds of all class meetings).

You are welcome to discuss with me any matters related to the course and your studies. Alles Gute für dieses Herbstsemester -- und viel Spaß!

Orientierungshilfen zum Lernen von Deutsch als Fremdsprache

You will receive a weekly syllabus (Wochenplan) with specific assignments for each class meeting, a general outline of the work to be done in each class and other information that I hope will help you in your work. I suggest that you get a 3-ring binder or a folder to keep your syllabi, corrected written assignments and other materials together.

An important aid in language learning is the language laboratory. The Modern Language Laboratory is located in 114 Walker. You will be expected to work there each week, using your text-book (and the lab manual) as well as the cassettes, computer programs, and videos that are available there. You should spend between 30 and 45 minutes there each week. Of course, you do not have to do it all in one sitting. In fact, going there several times will be much better. The material available in the language laboratory corresponding to our work-book (Übungsbuch) will be indicated in your weekly syllabi.

How to Succeed in Learning German

Learning a language is different from study in most other academic areas such as sciences and engineering. It involves both, the comprehension of ideas and the mastery of practical skills (listening, reading, speaking and writing). The latter requires intensive daily practice. Those of you who have learned to play a musical instrument or become proficient at any sport can appreciate that fact -- knowing that one will be rewarded with a great feeling of success!

Regular attendance in class and regular active participation is a required part of your work. Preparation of each daily assignment in advance of the class meeting, where you will get
structured, guided practice in using German, is necessary for your own success in learning as well
as for the success of the entire group’s working together.

As a rule you will have homework assigned for every class meeting. Written assignments
are to be submitted at the start of the class period for which they are scheduled. Homework
submitted after the start of class will be corrected, but only for half credit. Do not skip class
because of less than complete preparation. This will deprive you of essential knowledge and
experience that can not be made up.

How much time should you spend studying German? The answer to that depends on
many variables, e.g., your background, your native ability, but a good rule of thumb is: one hour
(or at the most two hours) outside class for every hour in class. If you spend that amount of time
each week, spread over the entire week (not all in one day or during one night before a test!),
actively studying (not just sitting there looking at the book!), you should achieve the goals of this
course successfully and also be rewarded with a great feeling of intellectual enrichment.

Viel Spaß beim Lernen!

German Language Studies as Part of MTU's New General Education Requirements for HU2222 Students

Students who study a language at MTU may satisfy general education requirements, as well as requirements for the Minor and International Minor in German, the Modern Language and Area Study Certificate and the Advanced Modern Language and Area Study Certificate. Depending on the students' previous exposure to a language, there are four different options. Options for students who placed into second-year German are highlighted in bold print.

See your advisor for further explanation and approval of general education requirements.

Students who place into the second year of German will receive six placement credits (HU1221/2) after successfully completing one term of second-year German. (Depending on the degree requirements of their major, such placement credit may count as free electives.) Students who complete the second-year sequence of this language can either count these two courses toward the general education distribution requirement, OR they may take UN1003 (one credit hour) instead of the four-credit-hour World Cultures lecture (UN1002) during their first three semesters (i.e., their freshman year and/or the fall of their sophomore year). Students may continue with third- and fourth year language courses of this language and count this course work toward the general education...
distribution requirement (i.e., at least nine, and up to twelve credit hours).
