Audio CD to accompany text  
Workbook, Lab and Video Manual

COURSE OBJECTIVES:  
This course is designed to help you to continue your exploration of French and  
Francophone language and cultures at the beginning level. It is a four-skills course that entails  
practicing both comprehension (reading and listening) and production (writing and speaking) of  
the language. You will acquire the basic skills necessary to use French in both oral and written  
communication. By the end of the term, you will be able to:

• understand conversations related to travel and vacation activities  
• relate how things used to be  
• make suggestions and begin to state opinions  
• understand extended past narrations and descriptions  
• become familiar with vocabulary and social situations related to holidays and gift giving  
in Francophone countries  
• talk about your daily routine and describe the clothes you wear  
• talk about the future  
• discuss health and exercise  
• discuss jobs and careers  
• say what you would do if....

You will also become acquainted with the various cultures, nationalities, ethnic and social  
groups that make up the French-speaking world.

During this term you will make extensive use of a variety of sources: your text, in-text  
audio CD, and cahier and lab tapes; supplementary material provided by me in class; and the  
videos, CD-ROM's and other materials that are in the language lab (Walker 114). Please also  
consult the Mais oui! web site: www.hmco.com/college/.
STUDENT RESPONSIBILITIES:

Attendance and Participation
If you must be absent because of illness, personal or family emergency, or a plant trip, interview or other official MTU business, please notify me in person or by email in advance or as soon as possible so that I may communicate directly with you about class activities and assignments. Absences for reasons other than these are generally considered unexcused, but you should always discuss your absence with me.

**If you accumulate more than three (3) unexcused absences your participation grade will be lowered by 5% for each additional unexcused absence.**

In addition to attending regularly, I ask that you come to class on time and prepared, i.e. with material reviewed and assignments complete and ready to use in class and/or to turn in. I also ask that you engage actively in class by answering or asking questions in French as much as possible and by volunteering during class activities, written and spoken. The effort you demonstrate on a daily basis will be directly reflected in your participation grade for the course.

Unit Quizzes
There will be a quiz at the end of every 1-2 chapters that we complete this term, for a total of 4 quizzes. Each quiz will include a listening comprehension exercise and a written section that incorporates a short composition. Although they may vary slightly in length, quizzes will typically require the full class period to complete. **Tentative dates of quizzes are on p. 3.**

**Because each quiz is already cumulative, there will be no final exam in this class.**

Oral quizzes: Once at midterm and once at the end of the term you will also take a 15 minute oral quiz in my office with a partner so that I may track your progress in oral French and make more extensive individual recommendations

Assignments
Each Friday I will hand out a sheet listing assignments for the following week. Assignments will include the “A L’Ecoute” and pronunciation exercises (both found on the CD bound with your text); other exercises from the text; questions to write or answer; dialogues to learn, say and/or write; short compositions; exercises from the workbook, etc.

Written assignments should be completed on a separate sheet of paper. Please make sure to write all sentences out fully and if at all possible with a word processor. In general no extensions will be given for homework assignments except in cases of excused absences.
Cahier (includes Workbook/Laboratory Manual/Video Manual)

The “étapes” or chapters in the first two sections of the “cahier” or notebook that accompanies your text—labeled the “Workbook” and “Laboratory Manual”—are standing assignments to be completed as assigned or independently as we work through each chapter. The tapes for the lab manual exercises are available only in the lab, i.e., these exercises are NOT on your student CD. If you wish you may bring blank tapes to the lab for copying so that you may complete the Mais Oui lab exercises at home. Just remember to record your at-home lab hours on a log sheet.

**I will collect completed and self-corrected workbook chapters no later than the class before the quiz.**

**I will collect completed lab manual chapters the day of the quiz itself.**

If you prefer not to tear pages out of your cahier, please make a photocopy to hand in.

Workbook and lab pages should be stapled in individual sections and labeled with your name.

Grading for workbook/lab work and other short homework:

- check + = complete with few errors
- check = complete but with multiple errors
- check - = incomplete, many errors, not turned in on due day, illegible, etc.

In general we will screen the video and complete the exercises in the 3rd section of the cahier, the Video Manual, together in class.

Language Lab Requirement

To give you listening practice outside of class and to develop your speaking skills and cultural understanding, you are expected to work in the language lab (114 Walker) for at least 1 hour per week. While there you may do a variety of listening activities, including completing the lab exercises for the chapter or watching the video that accompanies your text. We also have computerized study modules available, as well as French films and access to MTU Cable, where you may watch French news broadcasts according to the SCOLA schedule posted. Remember to record your lab time and activity on the log sheets and turn them in at the lab so that you will be credited for the time you spend there. Your name, my name and the course and section number (HU 2272, section 1) should appear on all lab log sheets. I recommend that you keep a duplicate copy of your log sheet for yourself so that you have your own record of your hours.

Although lab videos may not leave the lab, students may also get lab credit for subtitled French films that they screen on their own. Attendance at the Café français (date, time and location t.b.a.) may also count towards lab time as long as you turn in a log sheet.
