Course Overview:
Your goal in Revisions is to respond to ideas and communicate effectively using the three main communication modes... visual, oral, and written communication. This is essential for any field. Once you are in your career, it is invaluable that you are listened to and respected. Effective communication skills can make all the difference in getting your project or idea approved and a fantastic idea being reduced to the circular file. The principles of ethos, pathos, and logos will be balanced to create effective communication.

Teaching Approach:
We begin with the personal and expand outward to the international, each step with something different to consider. But to get there, this needs to be a participatory class. There are some regular features of the course (Say What!?, Mailbag, Word of the Day, etc.) that depend on your input. Many of your other courses may be lecture or lab oriented; this class is a discussion. We will reach our objectives for the term, but we can have informal conversation on our way.

Portfolio:
At the end of the term, both as your final piece of work for me and for the university’s benefit, you must hand in a portfolio of your work, including all drafts, notes, peer evaluations, etc. from each of your assignments. I will distribute more detailed instructions later in the term, but for now I suggest you purchase a binder to keep everything in, and DO NOT THROW ANYTHING AWAY!

Assignments:
There are four assignments that make up the core of this course. While they vary in length and point value, they should receive the utmost attention. There are other assignments sprinkled throughout the term, though, that should receive your full effort as well. Please remember that you must complete all assignments in order to receive a passing grade for this course.

Grading & Revising:
The grading process does not stop once I grade your work and hand it back to you. As noted above, you have a portfolio due at the end of the term. Regardless of the grade on your individual assignments, if you revise and improve your work you will receive a better grade on that individual assignment. This entire class is about continually revising: your writing, your ideas, your beliefs.

Other Course Policies:
One of the main modes of this class is discussion, and that’s a bit hard to do when you’re not here. Attendance is essential. You are permitted three unexcused absences without any effect on your participation grade. Use them as you wish, though remember that if you miss an in-class assignment, you cannot make it up. Subsequent absences will have a detrimental impact on your Presence grade.

I do not accept late work. This is to be fair to all of us: you, me, and your classmates. I am only grading assignments at one time, and my grading scale is likely to stay more consistent. I do not want you falling behind in assignments; having two assignments due splits your attention.
E-Mail Policy:
Please do not send me assignments via e-mail... I will not accept them. Allow at least 48 hours for an e-mail response.

Points Breakdown:
20% - Presence (this includes attendance and small graded assignments)
15% - Assignment #1 - The Personal
15% - Assignment #2 - The Local/Regional
15% - Assignment #3 - The Continental
25% - Assignment #4 & Panel Discussion - The International
10% - Portfolio

MTU’s Policy on Academic Integrity:
Plagiarism and cheating are serious academic offenses. They are defined by this policy as “knowingly copying another’s work or ideas and calling them one’s own or not giving proper credit or citation,” and this policy covers copying sections or entire papers from printed or electronic sources as well as handing in papers written by students for other classes or purchasing academic papers. Plagiarism and cheating not only are dishonest but cheat you out of learning, the prime reason you are here. If you ever have questions about this issue, please talk with your instructor or consult a coach in the Writing Center (7-2007).

MTU’s Policy on Discrimination and Harassment:
MTU complies with all federal and state laws and regulations regarding discrimination, including the Americans with Disabilities Act (ADA) of 1990. If you have a disability and need reasonable accommodation for equal access to education and services at MTU, please call Dr. Gloria Melton, Associate Dean of Students (7-2212). For other concern about discrimination, you may contact your advisor, department chair, or the Affirmative Action Office (7-3310).
