Willkommen in Houghton!
Ich freue mich, dass Sie an der Technischen Universität Michigan weiter Deutsch lernen möchten.... I am pleased that you are going to continue your study of German and hope that I can help you achieve a reasonable mastery of German during the time allotted this semester.

Course Goals:
Deutsch HU3283 is a continuation of your study of German language and of representative cultural features of the main German-speaking countries. The prerequisite for this course is the successful completion of HU3281 or HU2282. By the end of the entire academic year you should have improved your skills in order to:
1. feel comfortable in a German-speaking environment
2. have a thorough knowledge of German grammar and vocabulary
3. read German of an intermediate level of complexity
4. participate in discussions and skits
5. present your view on subjects of interest
6. be more familiar with cultural similarities and differences
7. write German texts like a personal letter, a journal, and short compositions.

All work in this course will stress the use of German as a means of communication.

Inhalt und Aufbau des Kurses

Our book is divided into various German-speaking cities. Berlin, München, Wien and Dresden will be covered this semester as well as various grammar topics. The majority of the grammar is review, although new topics will also be covered. Students
will work often with partners or in groups. The grade will include homework from the textbook, Arbeitsbuch, Aufsätze, other assignments, quizzes and exams, class participation as well as written and oral practice, and at the end, a "Referat" (more about that later). Since the study of language involves using it frequently, class participation will be extremely important. **Oral participation assumes regular attendance in class.**

After each city, there will be a chapter exam. These are always announced and will always include a review session the class before the exam where I will go over the chapter and answer any questions that you may have. Quizzes will be announced. The Arbeitsbuch is due by the beginning of class of the review session. Homework will be assigned regularly. **In order to succeed, you must come prepared to class.**

An important aid in language learning is the language laboratory. You are required to go to the lab and complete the lab assignment for the chapter. The Lab Manual assignment is due by the beginning of the day of the review. The Modern Language Laboratory is located on the first floor in Walker, across from the Writing Center. You should spend as much time as is needed to complete the assignment. Of course, you do not have to do it all in one sitting. In fact, going there several times will be much better.

**Alles Gute für dieses Frühlingssemester—und viel Spaß!**

**Orientierungshilfen zum Lernen von Deutsch als Fremdsprache**

You will receive a chapter syllabus (**Kapitelplan**) with the goals for that chapter as well as a schedule for **Hausaufgaben**. I suggest that you get a 3-ring binder or a folder to keep your syllabi, corrected written assignments and other materials together. Both the Kapitelplan and the Hausaufgaben schedule are subject to change if necessary.

The Stationen website at: [www.thomsonedu.com/german/stationen](http://www.thomsonedu.com/german/stationen)

You will need the website to do assignments for the chapter. The url will take you to the main page, where you then click on to the link saying "companion site" and then click the chapter you are working with.

**How to Succeed in Learning German**

Learning a language is different from study in most other academic areas such as sciences and engineering. It involves both, the comprehension of ideas and the mastery of practical skills (listening, reading, speaking and writing). The latter requires intensive daily practice. Those of you who have learned to play a musical instrument or become proficient at any sport can appreciate that fact -- knowing that one will be rewarded with a great feeling of success! Regular attendance in class and regular active participation is a required part of your work. Preparation of each daily assignment in advance of the class meeting, where you will get structured, guided practice in using German, is necessary for your own success in learning as well as for the success of the entire group's working together.

As a rule you will have homework assigned for every class meeting. Written assignments are to be submitted at the start of the class period for which they are scheduled.
How much time should you spend studying German? The answer to that depends on many variables, e.g., your background, your native ability, but a good rule of thumb is: one hour (or at the most two hours) outside class for every hour in class. If you spend that amount of time each week, spread over the entire week (not all in one day or during one night before a test!), actively studying (not just sitting there looking at the book!), you should achieve the goals of this course successfully and also be rewarded with a great feeling of intellectual enrichment.

Attendance

*Attendance is required.* Students are allowed two absences. Your final participation grade will be lowered by 5 points for each additional unexcused absence.

Cell Phone Free and Lap Top free Environment

This class room is a "cell phone and lap-top free environment" from 12:05 to 12:55 p.m. Students who use their cell phones or lap tops during class will lower their final grade by half a grade.

Academic Integrity

MTU’s Academic Integrity Policy defines plagiarism as "knowingly copying another’s work and calling it one’s own or not giving proper credit or citation." The penalties for plagiarism or other forms of cheating range from receiving a failure grade on work in question to expulsion from the university. Students who have any questions about the issue, or who have questions about whether they have cited their sources properly, should consult the instructor or a coach in the Writing Center.

MTU’s Policy on Discrimination and Harassment

Michigan Tech complies with all federal and state laws and regulations regarding discrimination, including the Americans with Disabilities Act of 1990. If you have a disability and need a reasonable accommodation for equal access to education or services at Michigan Tech, please call the Dean of Students Office, at 487-2212. For
other concerns about discrimination, you may contact your advisor, department head or the Affirmative Action Office, at 487-3310.

*This course description and all schedules are tentative and may be changed. If any such changes are made, you will receive a printed update.*

**Other opportunities offered by MTU's German Program**

2. MTU Minor in German
3. MTU International Minor in German
4. MTU Certificate in Foreign Language and Area Study
5. Advanced Certificate in Foreign Language and Area Study
6. Summer Internships for juniors and seniors in German companies and universities
7. Graduate Student Exchange with a number of German and Swiss universities

**German Language Studies as Part of MTU's General Education Requirements (for HU3281 Students)**

Students who study a language at MTU may satisfy general education requirements, as well as requirements for the Minor and International Minor in German, the Modern Language and Area Study Certificate and the Advanced Modern Language and Area Study Certificate. Depending on the students' previous exposure to a language, there are four different options. Options for students who placed into second-year German are listed in the following paragraph. See your advisor for further explanation and approval of general education requirements.

Students who place into the second year of German will receive six placement credits (HU2281/2) after completing (with a grade of C or better) one term of third-year German. (Depending on the degree requirements of their major, such placement credit may count as free electives.) Students who complete six credits of second- or third-year German can either count these two courses toward the general education distribution requirement, or they may take UN1003 (one credit hour) instead of the four-credit-hour World Cultures lecture (UN1002) during their first three semesters (i.e., their freshman year and/or the fall of their sophomore year), and count one of the second-year language courses toward the general education distribution requirement. Students may continue with third- and fourth year courses of this language and count this course work toward the general education distribution requirement.
